

Pharmacy Resident Seminar Series Medical University of South Carolina

“Finding the Sweet Spot: Early vs. Late Anticoagulation After a Stroke Secondary to Atrial Fibrillation”

Presented by:
Alexa Ramick, PharmD
PGY1 Pharmacy Resident

Target Audience: Pharmacists

Location: Storm Eye Auditorium Room 809 and [Microsoft Teams](#)

Date: April 14, 2025

Time: 13:00 – 14:00

Objectives

1. Examine the pathophysiological factors contributing to ischemic and hemorrhagic strokes?
2. Evaluate the rationale for restarting anticoagulation by assessing the tradeoff between recurrent thromboembolism and the potential for hemorrhagic transformation?
3. Review current guidelines recommendations for starting anticoagulation?
4. Compare evidence from recent stroke studies to develop a decision-making framework for anticoagulation initiation?

Activity Type: Application

Activity Number: 0682-0000-25-050-L01-P

Activity Fee: \$0

CE Hours: 1 CE Credit Contact Hour (0.1 CEUs)

Requirement for CE Credit: To receive CE credit, you must register for the program and complete the online evaluation within 60 days of the presentation. CE credit will be posted to CPE Monitor within four weeks following completion of the evaluation.
